

# The BC Price tag fixing system.

## Pricing plants simply.

The PTFS System is protected by industrial design laws.

More than 20 solutions  
for all common systems:

- ✓ Clips for BC troughs
- ✓ Clips for container posts
- ✓ Clips for CC shelves
- ✓ Clips for CC Eurocontainers

Simply order online at [www.bc-container.de](http://www.bc-container.de)

## Overview of the BC price tag fixing system:

**Clips for BC troughs**

**Clips for container posts**

**Clips for CC shelves**

**Accessories**

## The advantages of the BC price tag fixing system (PTFS) at a glance:

- ✓ Suitable for all original BC and CC containers
- ✓ Economical and reusable
- ✓ Optimum fixing, does not protrude outside of the container
- ✓ Fast and simple fixing of price tag frames, price tag labels and laminated price tags
- ✓ Allows optimum price tagging on container
- ✓ Fits all common price tag frames
- ✓ Simple handling = low personnel costs
- ✓ Numerous price tagging options thanks to extensive clip assortment
- ✓ Containers can be price tagged before transporting – saving time and money in retail
- ✓ Doesn't get in the way or fall off

**Frame clip (upright)  
for BC troughs** (clip BC Z-C 1)

For attaching price tag frames (upright) to BC troughs. For easy, reusable price tagging. \*

**Frame clip (suspended)  
for BC troughs** (clip BC Z-C 30)

For attaching price tag frames (suspended) to BC troughs. For easy, reusable price tagging. \*

**Label clip (upright)  
for BC troughs** (clip BC Z-C 10)

For attaching perforated labels (upright) to BC troughs. For easy, reusable price tagging. \*

## Clips for BC troughs

**Frame clip (upright)  
for CC shelves** (clip BC Z-C 2)

For attaching price tag frames (upright) to CC shelves. For easy, reusable price tagging. \*

**Frame clip (upright, universal)  
for CC shelves** (clip BC Z-C 5)

For attaching price tag frames (upright) to CC shelves. Can be fitted to both the long or the short face of the shelf. For easy, reusable price tagging. \*

**Frame clip (suspended, universal)  
for CC shelves** (clip BC Z-C 31)

For attaching price tag frames (suspended) to CC shelves. Can be fitted to both the long or the short face of the shelf. For easy, reusable price tagging. \*

## Clips for CC shelves

**Label clip (suspended)  
for BC troughs (clip BC Z-C 32)**

For attaching perforated labels (suspended) to BC troughs. For easy, reusable price tagging. \*

**Frame clip for container posts  
(regular) (clip BC Z-C 3)**

For attaching price tag frames to all standard container posts. For easy, reusable price tagging. \*

**Frame clip for container posts  
(side) (clip BC Z-C 4)**

For attaching price tag frames to all standard container posts holding BC troughs. For easy, reusable price tagging. \*

## Clips for container posts

**Label clip (upright)  
for CC shelves (clip BC Z-C 11)**

For attaching perforated labels (upright) to CC shelves. For easy, reusable price tagging. \*

**Label clip (upright, universal)  
for CC shelves (clip BC Z-C 14)**

For attaching perforated labels (upright) to CC shelves. Can be fitted to both the long or the short face of the shelf. For easy, reusable price tagging. \*

**Label clip (suspended, universal)  
for CC shelves (clip BC Z-C 33)**

For attaching perforated labels (suspended) to CC shelves. Can be fitted to both the long or the short face of the shelf. For easy, reusable price tagging. \*

or Tel. +49 (0) 49 65 / 898 69 0

### Label clip for container posts (regular) (clip BC Z-C 12)

For attaching perforated labels to all standard container posts. For easy, reusable price tagging. \*

### Label clip for container posts (side) (clip BC Z-C 13)

For attaching perforated labels to all standard container posts holding BC troughs. For easy, reusable price tagging. \*

### Clamping jaw clip for container posts (clip BC Z-C 17)

For attaching laminated price tags to all standard container posts. For easy, reusable price tagging. \*

### Clamping jaw clip (upright, universal) for CC shelves (clip BC Z-C 16)

For attaching laminated price tags (upright) to CC shelves. Can be fitted to both the long or the short face of the shelf. For easy, reusable price tagging. \*

### Clamping jaw clip (suspended, universal) for CC shelves (clip BC Z-C 35)

For attaching laminated price tags (suspended) to CC shelves. Can be fitted to both the long or the short face of the shelf. For easy, reusable price tagging. \*

### Lower combi-clip part for CC shelves (clip BC Z-C 51)

For attaching price tags stoppers to CC shelves. The lower clip part (BC Z-C 51) must be combined with the upper frame clip part (rotating) (BC Z-C 60) or upper clamping jaw clip part (rotating) (BC Z-C 62). \*\*

## Order quantities and shipping

\* The clips are supplied in bags of 50. Your order must therefore be dividable by 50.  
Orders upwards of 2,500 per type are supplied loose in boxes.

\*\* The clips are supplied in bags of 10. Your order must therefore be dividable by 10.  
Orders upwards of 2,500 per type are supplied loose in boxes.

#### **Lower combi-clip part for container posts (clip BC Z-C 52)**

For attaching price tag stoppers to all proprietary container posts. The lower clip part (BC Z-C 52) must be combined with the upper frame clip part (rotating) (BC Z-C 60) or upper clamping jaw clip part (rotating) (BC Z-C 62). \*\*

#### **Upper combi-frame clip part (rotating) (clip BC Z-C 60)**

For attaching price tag frames. Clip (BC Z-C 60) must be combined with clip (BC Z-C 51) or clip (BC Z-C 52) before it can be used. The rotating sign allows the price tag to be used to stop and attract customers. \*\*

#### **Upper combo-clamping jaw clip part (rotating) (clip BC Z-C 62)**

For attaching laminated price tags. Clip (BC Z-C 62) must be combined with clip (BC Z-C 51) or clip (BC Z-C 52) before it can be used. The rotating sign allows the price tag to be used to stop and attract customers. \*\*

#### **Upper combi-frame clip part (rotating) (clip BC Z-C 60)**

For attaching price tag frames. Clip (BC Z-C 60) must be combined with clip (BC Z-C 51) or clip (BC Z-C 52) before it can be used. The rotating sign allows the price tag to be used to stop and attract customers. \*\*

#### **Upper combo-clamping jaw clip part (rotating) (clip BC Z-C 62)**

For attaching laminated price tags. Clip (BC Z-C 62) must be combined with clip (BC Z-C 51) or clip (BC Z-C 52) before it can be used. The rotating sign allows the price tag to be used to stop and attract customers. \*\*

## **Accessories**

#### **Blank label for label clips, 11 x 5 cm (BC Z-E)**

Made from durable polypropylene, 6 perforations. For directly writing on or pasting individual labels. The labels are supplied in bags of 100. Your order must therefore be dividable by 100.

# All the advantages of the BC price tag fixing system, also for the CC Eurocontainers.

These clips allow simple and clear price tagging, also on CC Eurocontainer:

**Clips for labels (Fig. A)**  
(clip BC Z-C 12)

**Clips for laminated price tags (Fig. B)**  
(clip BC Z-C 17)

**Clips for price tag frames (Fig. C)**  
(clip BC Z-C 3)

They unite practically all advantages  
of the PTFS system:

- ✓ Optimum price tagging also on the CC Eurocontainer
- ✓ Optimum fixing, does not protrude outside of the container
- ✓ Containers can be price tagged before transporting – saving time and money in retail

Optimum price tagging also on the CC Eurocontainer.
